Taylor Alexis Knowles

April 25, 2000 - June 28, 2005

Her life and death have touched us, have made us cry and have made us reflect. Now it is time to celebrate with the grand opening of Taylor's Field at Beach Park – a place where the children and families of the The School for Young Children and the West Hartford community can enjoy the beautiful outdoor experience of a butterfly and hummingbird garden, stroll the fun pathways throughout the garden, marvel at the 2' butterfly perched on the entranceway and laugh & play in the two 20' gazebos.
